PROGRAMMATIC WAYS TO GET INVOLVED WITH PSF:

- 1. Add content to a Festival program!** This is done in two ways:
 - a. Provide a hands-on STEAM activity.** Contribute to the Festival's spirit of inquiry and discovery by providing an engaging hands-on activity that explores science, technology, engineering, art and/or math! Activity providers are needed for programs targeted to school groups, families, and adults. All activities must feature a hands-on component and provide ample opportunity for participants to interact directly with the activity facilitator. For activity ideas, visit www.hovtosmile.org or contact a PSF staff member for assistance.

 - b. Share your expertise.** The Philadelphia Science Festival highlights the groundbreaking research and technological advancements that are happening throughout the Delaware Valley. In an effort to showcase this important work, experts are needed to lend their expertise on a variety of programs and topics.
[Click here for details on sharing your expertise!](#)
- 2. Host an event!** Festival organizers rely on partners to host Be a Scientist! Programs and Citywide Star Parties.
 - a. Be a Scientist! Programs** These events are the perfect opportunity for your organization to highlight the awesome STEAM happening everyday! These unique, engaging, hands-on experiences will provide behind the scenes access to the region's labs, nature centers, farms, museums, and other creative locations to learn what your experts do! These programs largely attract family audiences and must occur on Sunday, April 22.
[Click here for details on hosting a Be a Scientist! Program](#)
 - b. Citywide Star Parties.** Approximately 20 sites across the greater Philadelphia area are needed to host simultaneous stargazing events. Demand to host star parties generally exceeds the number of sites that we are able to accommodate, so register early! Star parties will take place on Friday, April 20 from 7:30-10:00 pm - there is no rain date, organizations must submit a rain plan with registration.

- 3. NEW! Apply for a micro-grant to create a Festival program or project.**
For the first time ever, Festival Partners have the opportunity to apply for grants that fund programs and projects that take place within the Festival dates; the three different types of grants include Community Based-programs, Collaborative Events, and Art & Science Projects.

The Visitor's Page of Eventival can be accessed at vp.eventival.eu/psf/2018/ or at the bottom of the [Become a Partner](#) page (Get Involved > Become a Partner) on PSF's website. Please take the time to review the Get Involved 2018 Guide and event expectations *prior* to registering to host or provide an activity.

Welcome to Eventival! The Visitor's Page will have all the registration information, required documentation, and other useful PSF documents that were previously available on the Partner Portal. If this is your first time visiting Eventival, click "Create new account". Once you enter the required information (first/last name, email, password) you will be sent an automated verification email from Eventival (be sure to register with an email address you actively monitor as all Eventival/PSF communications will be sent here). If you don't see this email within 10-15 minutes after registering – check your spam/junk folder. If you still don't have the email, please contact Rachel (rgiatras@fi.edu).

* Contact information

Please click **ADD NEW CONTACT** to add your contact information.

You can choose to link your contact with an existing organization (or company) or you can add a new organization to our database. If you are from a large institution or organization, choose your "home" organization, and click on the button to "add additional contacts" for your own programs or departments. List your program name or department in "Line 1" of the address. The "Personal" contact information is for your own individual contact information.

Make sure to fill in the **required fields** marked with an asterisk *, otherwise you will not be able to proceed.

The first time you log-in after verifying your account, you will need to enter the contact information for your profile; while you are welcome to upload a picture and biography neither are required. To update your information, select "Add new contact".

I would like to link my contact with a company:

The first question you will be asked is if you would like to link to a company (in Eventival, *company* refers to *organization*) – click “Yes”.

Search for Company

First, please use the SEARCH field below to search for your company as it may already exist in our database of companies. If it does not, click on “Create a new company” below.

This is the Visitor's Page. Along the left side, in the gray box, you'll find links to register/view previously submitted information, required & useful documents (COI, Indemnifications), and Micro-Grant information; as additional PSF information becomes available, it will be made visible here. The white boxes in the middle of the screen offer the same information/links as those found in the grey box.
